DETAILED ACTION

Claim Objections

Claims 4-6 and 8-13 are objected to under 37 CFR 1.75(c) as being in improper form because a multiple dependent claim should not depend on other multiple dependent claims. See MPEP § 608.01(n).

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-13 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1, there is no reaction step between the aromatic and the olefins and also the produced product in step (a).

Also regarding claim 1, it is unclear which is reacted in the dehydrogenation step and what the product is produced.

Applicants are suggested to review claim 2 to make to clarify the aromatic and alkylating agent.

Regarding claim 5, the selection of catalysts in claim 5 should be recited in a proper Markush format.

Allowable Subject Matter

Art Unit: 1797

Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Claims 2-13 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
